VERSION 1/8

KID MAKES SAVE OF THE YEAR

Choose a cover story that speaks to you and hold it up to the park to frame a picture-perfect moment! In this game, we want to make the invisible visible. We want to encourage you, yes, you, to interact with the world and Cadman Plaza Park using prompts in our headlines.

You!

Thank you for playing our game of "playful intervention"! Designed by students in the NYU Game Center MFA program, this game's purpose is to break the traditional boundaries between games and the real world. When we visited the park, we saw that while

people were busy with many different activities, they weren't really interacting with the park or each other. This park is home to many interesting features: monuments, nature, people performing feats of athleticism that often go unnoticed.

Cadman Plaza is a park located on the border of the Brooklyn Heights and Downtown Brooklyn neighborhoods in Brooklyn, New York City. Named for Reverend Doctor Samuel Parkes Cadman (1864-1936), a renowned minister in the Brooklyn Congregational Church, it is built on land reclaimed by condemnation in 1935 and was named as a park in 1939. The park borders Cadman Plaza West and Cadman Plaza East and the west and east sides of the plaza, respectively.

Can be fully customized for different languages, locations, and events!

Headline Design

- Point out specific aspects of the space (Memorials, Birds, Other People)
- Funny Lines to Share with Others
- Inform about the Space (Historical Headlines that Prompt Question Asking)
